

Dear Parents/Caregivers

2026 SCHOOL FEES (Student Resource Scheme - SRS)

At Palm Beach Currumbin State High, we're committed to providing a balanced and dynamic curriculum within a supportive and inclusive school community—where every student is encouraged to reach their full potential.

Why School Fees (SRS) matter:

School fees play a vital role in helping us provide consistent, high-quality learning materials for every student. By participating in the SRS, you're not only saving money but also supporting your student's access to a well-resourced education including items such as:

- Laptops
- Novels and textbooks
- Arts and Technology materials
- Consumable PE sporting equipment
- Software, online subscriptions and a range of classroom consumables

If you choose not to participate in the SRS, you'll need to source and supply all required resources. You can find a detailed list of what's included by year level on our [website](#).

Invoices for 2026 School Fees have now been issued, and payments can be made anytime.
